EXPERIENCE

Software Developer - UX | Kloudone Technology, Chennai, TN

Oct 2020 - Present

Kloudlearn is an LMS Product with so many advanced features to educate and train the learner of any organization or any university.

https://app.kloudlearn.com

Responsibilities:

- Build feature **custom reports** on all key training metrics. Easy access, customize, and automated reports.
- Build a feature **assessment summary**. Quiz creation and grading answers flow.
- Developed a new design for the news **feed** section.
- Adding a new feature in the course player (**Notes**).
- Capturing **Scorm 1.2** and **Scorm 2004 4th edition** events and displaying them into analytics.
- Developed SSO (Single Sign On) for kloudlearn using **Keycloak.**
- Owns website of the product that uses Gatsby.
- Worked on other small features and fixes.

Environment: React js, ant design, Gatsby and keycloak.

ACHIEVEMENTS

- Won **second prize for web designing** on "ADDICT-2K18v6.o" in P.A College of Engineering and Technology, Pollachi.
